

OLIVAX

Ear Wax Removal System - Safe Effective & Natural

Olivax is an easy to use, gentle ear cleansing solution, suitable for use by the whole family. It is an effective and clinically proven method to disperse ear wax and a safe alternative to cotton bud use.

When used 2 to 3 times a week as part of your personal care routine, **Olivax** helps prevent wax build-up and keeps ears refreshingly clean and clear.

Olivax is made from 100% natural olive oil, in unique extraction Olivaxol™.

In regular use, the refreshing experience of **Olivax** will give your ears a new feeling of cleanliness.

Olivax is preservative free.

Olivax works in 3 ways:

- Ear irrigation by the spray mechanism safely and effectively
- Disperses ear wax and helps extract obstructive wax plugs
- Helps prevent the formation of wax plugs

Olivax Ear Wax Remover is an effective, safe and gentle way to disperse excess hardened ear wax. The spray clears the ear wax and helps maintain hearing without using harsh chemical solvents.

Olivax Ear Wax Remover was clinically tested and was found safe and effective and suitable for adults and children.

Olivax Ear Wax Remover is pure natural and composed of:

- Olivaxol™, unique extract of olive oil that lubricate and detach dry ear wax while penetrating into the wax particles, soften, disperse and turn the ear wax into liquid that is easily removed.
- Spearmint essential oil known for its antiseptic properties and fresh odor.

Unlike other ear drops, **Olivax Ear Wax Remover** contains no aggressive solvents and no chemicals that can exacerbate already inflamed or irritated skin in the ear canal.

Ingredients:

Olivaxol™, olive oil, spearmint oil.
