

Dry Ears

Dry Ears

NAVEH
PHARMA

30mL

Medical Device

**For the elimination of water and moist trapped in the external ear canal.
Jet Spray**

Ingredients:
Isopropyl alcohol, Glycerin, Rose oil.

Directions: 
After water activity, spray 1-2 puffs in affected ear. Full evaporation of water or moist trapped in the external canal occurs within 2-3 minutes after spraying.

Warning:

- DryEar should not be used in cases of perforated eardrum and grommet
- Do not spray into the eye
- Keep out of reach of children

Storage Conditions:
Store in a cool place, do not expose to temperature over 50°C.
Do not throw into fire.
